

When ECUSD Help Resets Your Password

If there is a problem with your account/password, it may be necessary for the school to reset your password. Contact Connie Webster (cwebster@elmwood322.com) for help.

If this happens, Mrs. Webster will send you your new login credentials.

Log in with the username and password provided to you. Parent Access will accept the new password, but then it will force you to reset the password. This is done for security purposes.

This is the message you will see:

The screenshot shows the PowerSchool interface for changing a password. At the top is the PowerSchool logo. Below it is a form titled "Change Your Password". The form contains a yellow warning box with a triangle icon and the text: "Your password has been expired. Please create a new password." Below this are three input fields: "Current password", "New password", and "Re-enter new password". At the bottom right of the form is an "Enter" button. Three pink arrows point from explanatory text to the form elements: one to the warning box, one to the "Current password" field, and one to the "New password" field.

Change Your Password

⚠ Your password has been expired. Please create a new password.

Current password

New password

Re-enter new password

Enter

This message refers to the password that was set for you. You must enter that password in the "Current Password" box.

Enter a new password of your choosing in the next two boxes. This will keep your account secure. Use the new password to access your Parent Access account in the future.
