## **PREAMBLE**

This handbook is provided to the students and their families to acquaint them with the rules, regulations, procedures and other relevant information necessary for the orderly functioning of the school. It has been structured to help promote student progress as well as in the interest of modeling appropriate student government. In addition, this handbook provides for the psychological and physical safety of the students through appropriate rules and regulations.

When breaches of school disciplinary rules and regulations occur, it is the responsibility of involved teachers and administrators to work with the student, his/her parents, and other support personnel to help the student correct his/her behavior. All disciplinary actions shall be directed toward protecting the welfare of the school community as well as helping the student develop self-discipline. When determining the response for a specific breach of discipline, school personnel will consider the nature of the act, the student's previous history, his/her age and maturation, any mitigating circumstances, and the effect of his/her actions on the welfare of the school community. Disciplinary responses may include but are not limited to the actions described in this handbook.

**All students and their parents are responsible for reading and understanding the contents of this handbook. Your receipt of this handbook acknowledges your understanding and willingness to comply with the policies and procedures contained in this handbook.**

## **MISSION STATEMENT**

**The mission statement of Elmwood District #322:** In an active partnership with parents and community, the mission of the Elmwood School District is to provide a positive and supportive environment that vigorously develops the minds and character of the 21<sup>st</sup> Century learners.

## **PRINCIPAL'S DISCRETION**

The Jr./Sr. High School principal shall hold discretionary power to interpret any/all portions of the student handbook in matters of discipline. He/she reserves the right to judge each case individually. The administration will inform all concerned parties when penalties do not coincide with the handbook.

## **School Operations During a Pandemic or Other Health Emergency**

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

## **GUIDANCE**

The counselor, Mrs. Meyers, is available for vocational and college information, as well as personal counseling. All students should take advantage of the many resources that are available in this department, some of which are career descriptions, college applications and catalogs, financial aid information and applications, and scholarship opportunities.

Some specialized services of this department are advising students on selection of high school courses, providing academic aptitude testing, advising students of occupational opportunities and referring students to specialized agencies.

## HIGH SCHOOL ACADEMIC REQUIREMENTS

Elmwood High School graduation requirements are among the most stringent in the state of Illinois. We know learning is hard work and that students must be motivated and encouraged to study, but we feel this challenge will prepare are students for any one of the following options:

## FINAL EXAM EXEMPTION POLICY

Students are required to take at least two (2) Final Exams per semester.

- Two (2) of the exams **must** be in core subjects (English, Math, Science, Social Studies)
- The process will be student-led with the ACS teacher.

- A few weeks before the end of the semester - all students will meet with their ACS teacher to choose their 2 final exams.
- Students will need to have the final exam policy signed by parents before the exams begin so that they are eligible for open campus.
- Students in weighted classes or dual-credit classes will be required to take semester exams for weighted classes - not to exceed 2 exams.

**\*\* Seniors will be exempt from second semester finals (including weighted classes) unless the exemption criteria are not met.**

Students that have received behavioral detentions from a teacher or office will be required to take 1 additional final for each detention given. A two-hour Wednesday detention will count as 2 additional finals. Any student receiving a suspension (In-school or Out-of-school) will automatically be required to take all final exams. Wednesday detentions for make-up or late work will NOT count as disciplinary write-ups. A student who is not required to take a final exam may elect to take the final to improve his/her grade. The final exam will only be tabulated if it has a positive effect upon the semester average. Unexcused absences during the scheduled time for the final exam will result in '0'. Mandatory core final exams for a semester will be tabulated in the final grade.

- Upon entering 5<sup>th</sup> and 9<sup>th</sup> grades;
- Upon transferring from another school, irrespective of grade;
- Students who do not have these on file in the school office by October 15<sup>th</sup> will not be permitted to attend school.

Examinations shall be by licensed physicians and dentists. Additional health examinations of students may be required when deemed necessary by school authorities. Transfer students will be required to complete these examinations within

30 days after enrollment. Students who do not comply with this policy by October 15<sup>th</sup> shall be excluded from attending school. Additional policies include the following:

- All students participating in the interscholastic athletic program must have record of physical examination on file prior to being permitted to participate
- When it is necessary for a student to go home due to illness or injury, the parent or an approved alternate contact will be called prior to permitting the student to leave school. Students are not permitted to leave school without permission of school officials
- All students must have an emergency card on file in the office.

## HONOR ROLL

Honor roll lists are published at the end of each grading period. There are two honor rolls (high honors and honors). To be eligible for high honors, students must have an academic average of 4.5 or above on a 5.0 scale. To be eligible for honors, students must have an academic average of 4.0 - 4.49. Only academic subjects are used in determining the grade point average for the honor roll. Students are excluded from the honor roll if they have incomplete grades, if their average is below 4.00, or if they have any grade below a C-.

## INSURANCE

The school district offers to parents as a service, an optional school time accident insurance policy endorsed by the Board of Education. This policy covers your student:

- While traveling directly to and from school;
- While attending school, including coverage for all physical education class activities;
- While participating in **school-sponsored activities**, either away from school or after school hours.

This plan covers students practicing or competing in sports, with the exception of football. Neither the school nor anyone associated with the school receives a profit from the fees paid. All transactions are between the student or family and the insurance company.

Those boys and girls participating in interscholastic athletics must be covered by an insurance policy. If a student is injured at school or while traveling to or from school, the student should report the injury immediately to a teacher or to the office. It is important to report an injury immediately and obtain an insurance form. This form must be sent with all medical and hospital bills incurred to the insurance company within ninety (90) days of the injury.

## LEGAL RESIDENCE

**In order for a student to legally attend Elmwood Jr./Sr. High School, he/she must be legal residents of District #322.** Students who live outside the boundaries of District #322 must pay tuition if granted permission to attend Elmwood Jr./Sr. High School. It must be understood that the Board of Education is not required to admit tuition students. If a question arises concerning a student's legal residence, school authorities will require proof of legal residency in District #322. Students who do not legally reside within the boundaries of District #322 and attend Elmwood Jr./Sr. High School under false pretenses will be liable for tuition payment accumulated during their attendance at Elmwood and will be required to transfer to the appropriate school. It is a criminal offense reportable to the State's Attorney's Office when false information is provided to the school district.

## REPORT CARDS

Report cards will be available at the end of every grading period. Progress reports will be emailed home at the middle of the grading period. Parents and students should use our student management platform (TeacherEase) to monitor grades throughout the year.

## STUDENT MEDICATION POLICY

Elmwood C.U.S.D. #322 recognizes that the primary responsibility for the administration of medication rests with the parent or guardian. In the event students must take medication during the school day, the guidelines presented below should be followed:

1. Medication should be limited to those required during school hours that are necessary to maintain the student in school and those needed in the event of an emergency.
2. Pursuant to section 105 ILCS of the School Code, teachers and other non-administrative employees cannot be required to administer medication although they may volunteer to do so.

3. The principal, in conjunction with a licensed prescriber and parent(s) or guardian, identify circumstances in which a student may self-administer medication.
4. All medications given at school, including non-prescription drugs, shall be on a written record maintained in the student's health file
5. Effectiveness and side effects shall be assessed as necessary and shall be a part of the health record and feedback given to the parent and healthcare provider.
6. All medication will be administered under the supervision of a school nurse or secretary.
7. The parent must administer the initial dosage of medication at home in order to observe any side effects.
8. All medications will be kept in a locked cabinet in the office.
9. If a student requires emergency medication for an allergic condition, he/she must have the Medication Authorization form completed by a physician and parent and send the appropriate medication.
10. A responsible adult must bring medication to school. The medication must be in its prescription bottle with specific instructions for administration and the prescription must be of current date.
11. Medication orders must be renewed annually or at any time that the medication dosage is changed.
12. At the time of termination of medication, a parent or responsible adult will pick up the remaining medication or the secretary will dispose of it in the presence of a witness.
13. The parent and physician must complete the Medication Authorization form for both prescription and over-the-counter medication. This includes medication on a temporary or long-term basis.
14. A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for immediate use at the student's discretion, provided the student's parent/guardian has completed and signed an Authorization for Student Self-Medication Form. The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.
15. A list will be kept on file of student's allergic reactions to insect bites or foods, which require the use of emergency medication. School personnel will be instructed to call the emergency medical services following the administration epinephrine.
16. All medications to be administered during a field trip/outdoor educational experience shall be clearly marked with:
  - Student's name, grade and teacher
  - Medication name and dosage
  - Date
  - Administration route and/or other directions
  - Licensed prescriber's name

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

### **Self-Administration of Medication**

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

### **Administration of Medical Cannabis**

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours. The school nurse will document this on the student's health plan.

### **Undesignated Medications**

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

### **Emergency Aid to Students**

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

## **CARE OF STUDENTS WITH DIABETES:**

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the building principal. Parents/guardians are responsible for and must:

1. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
2. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
3. Sign the Diabetes Care Plan
4. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the building Principal.

## **STUDENT RECORDS**

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.**  
The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal

a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. **The right to have one or more scores received on college entrance examinations included on the student's academic transcript.1**

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. **The right to request the amendment of the student's education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.**

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; to another school district that overlaps attendance boundaries with the District, if the District has entered into an intergovernmental agreement that allows for sharing of student records and information with the other district, any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. **The right to a copy of any school student record proposed to be destroyed or deleted.**

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

  - Major field of study
  - Period of attendance in school
- Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. **The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.**

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

8. **The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.**

## ASBESTOS MANAGEMENT PLAN

A copy of each school building's Asbestos Management Plan is kept in the District office, and is available at any time for public inspection.

## **EQUAL EDUCATIONAL OPPORTUNITIES**

## **UNIFORM GRIEVANCE PROCEDURE**

Students or their parent(s)/guardian(s), employees, or community members may file a complaint in accordance with this grievance procedure, if they believe that the Board of Education, its employees, or agents have violated their rights guaranteed by the State or federal constitution. The principal will endeavor to respond and resolve complaints without the need to resort to this grievance procedure, and if a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt an equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies.

### **Filing a Complaint:**

A person (hereinafter Complainant) who wishes to avail him or herself of this grievance procedure may do so by filing a complaint with the principal. The Complainant shall not be required to file a complaint with a particular complaint manager and may request a complaint manager of the same sex. The complaint manager may request the Complainant to provide a written statement regarding the nature of the complaint or require a meeting with the parent(s)/guardian(s) of a student. The complaint manager may assist the Complainant in filing a grievance.

### **Investigation:**

The complaint manager will investigate the complaint or appoint a qualified person to undertake the investigation on his or her behalf. The complaint or identity of the Complainant will not be disclosed except (1) as required by law or this policy, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the Complainant. The Complaint manager shall file a written report of his or her findings with the superintendent; the written report shall be filed with Section 3 of this Policy. The superintendent will keep the Board informed of all complaints.

### **Decision and Appeal:**

After receipt of the complaint manager's report, the superintendent shall render a written decision, which shall be provided to the Complainant. In the event the Complainant is not satisfied with the decision, the Complainant may appeal the decision to the Board of Education by making a written request to the complaint manager. The complaint manager shall be responsible for promptly forwarding all materials relative to the complaint and appeal to the Board of Education. Thereafter, the Board of Education shall render a written decision, which shall be provided to the Complainant. This grievance procedure shall not be construed to create an independent right to a Board of Education hearing.

The district has adopted Sexual Harassment policies for students and staff. Each building has a complaint manager. If you have a concern in this, you may contact the superintendent.

## JR./SR. HIGH SCHOOL POLICIES

### **Automobile Search**

Upon entering school grounds, the person driving any vehicle is deemed to consent to a complete search of the automobile, by school officials or police. If any person other than the driver is the current custodian of the vehicle, consent to search is deemed given by the custodian also. The area of search will include the entire passenger compartment, engine compartment, trunk and all containers therein, locked or unlocked, and the undercarriage. Any individual who uses Elmwood C.U.S.D. #322 property to park his/her vehicle is responsible for the contents of that vehicle. **Violation of this provision will constitute reasonable suspicion of substance use and the student and vehicle will be searched upon returning.**

### **Parking Lot Violation**

There will be no loitering on school grounds. Sitting in cars on school property is not allowed. This policy is in effect 24 hours a day. If it is determined that a student has driven recklessly on school property or on his/her way to or from school, then their parking privileges will be suspended. Student driving is a privilege and can lose the ability to park on school grounds or be ticketed for driving recklessly.

### **Animals on School Property**

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

### **Cafeteria Service**

A nourishing hot lunch program is in operation during every school day. Daily cost is established by the Board of Education. If a student wishes to bring their own lunch they can purchase a milk in the cafeteria for \$0.40.

All students will remain in the cafeteria during their lunch period unless permission to leave is granted by a supervising staff member. All food and drink must be consumed in the cafeteria. All other school rules apply in the cafeteria.

### **Lunch Program**

#### **Pricing**

USDA sets strict guidelines on meal pricing for school lunches that we must comply with. School meal pricing for the 2022-2023 school year will be as follows: K-6 \$2.60, 7-12 \$2.85. Lunch payments (check/cash) are taken in the Elementary and Jr./Sr. High offices and applied to each student's account. Students need to have lunch ID/student ID when going through the cafeteria line. Replacement cards will cost \$5 by contacting the Technology Director.

#### **Free and Reduced Applications**

Elmwood School District works diligently to enroll eligible students in the free and reduced price meal program. Free and reduced applications are available at any time throughout the school year. Applications are available on the website, and at both school buildings. Please do not hesitate to complete an application. If you need assistance with the application process please contact the Jr./Sr. High School Office at 742-2851.

#### **Unpaid Meal Charges**

Unpaid school meal debt can become a critical problem. If left unaddressed, it can impact the quality of meals for all students. Elmwood School District uses a variety of methods to notify parents of low or negative account balances and to discreetly provide alternate meals to students. If a student's lunch account reaches a negative balance they will be served an alternate meal at no charge. If a student has a low or negative balance, phone calls to guardians are communicated as an attempt to collect unpaid meal charges. We in **NO** way want any child to go hungry, or be denied a meal, but we simply have to have accounts paid to continue to operate efficiently. We will work with families to establish repayment plans if necessary.

## **Closed Campus**

Elmwood Jr./Sr. High School operates a closed campus. We discourage student visitors from eating lunch at Elmwood due to lack of space during the lunch periods. Students must remain on campus unless they receive permission of school officials to leave. Violation of this rule will result in after-school detention and possible loss of driving privileges. Repeat offenders will be subject to increased disciplinary consequences.

## **Computer Guidelines**

Students will not be allowed to use the Internet system of Elmwood High School unless the student and his/her parents have read and signed the authorization for Internet Access Policy. The policy is available from teachers or the high school office.

Every student will have a user name and a password to gain access to the computer network. Students will be held responsible for any problem that occurs under their access. When a student's friend needs a password, he/she should go to the HS office counter to put in a request to receive one. Do not jeopardize your computer privileges by giving your password to someone else.

All software is District #322 property and cannot be taken home or copied for any reason. Students are not to bring software from home to install on school computers. Students may not use other student's computer disks without their permission. All service disk space is the property of Elmwood Jr./Sr. High School, including home directories.

School authorities may require a student or his or her parent or guardian to provide a password or other related account information in order to gain access to the student's account or profile on a social networking website if school authorities have reasonable cause to believe that a student's account on a social networking website contains evidence that a student has violated a school disciplinary rule or procedure.

Detailed instructions are issued in the faculty handbook to each teacher and are explained to the students on the opening day of school. All students should become familiar with the fire exit from every classroom to which they are assigned. Students should be familiar with a few basic rules: walk rapidly and quietly, once outside keep at least 100 feet from the building and do not block roads or accesses to the building, do not re-enter the building until an all clear signal is given. Tampering with fireboxes throughout the building is a violation of local fire code. Knowingly transmitting a false fire alarm constitutes a felony.

- Lockdown Drills are held to insure student safety, as well. Detailed instructions are issued in the faculty handbook to each teacher and explained to the students on the opening day of school. All students should be familiar with the procedures. Tampering with the lockdown callout boxes is a violation and knowingly sending out a false lockdown will result in school discipline and legal charges filed.
- Disaster Drills-Disaster Drills will be announced over the public address system. Students are to proceed to a pre-assigned area. Each teacher and room has been assigned to a specific shelter area. Upon reaching the assigned area, students are to remain with their class, remain quiet, and await further instructions from the person in charge.

## **STUDENT SERVICES**

The guidance office is designed to help students make the most of their Jr./Sr. High School years, particularly their school experiences. Among the services provided are: counseling students with academic and personal problems, counseling students who are having conflicts with others, helping students make plans for life after high school, and assisting students in their selection of high school courses. Assessment of student learning and behavior problems is also available. Parents are encouraged to contact the guidance counselor with concerns or questions they might have.

A great variety of career and college planning resources are available in the guidance office. Students are encouraged to drop in during ACS or after school to review these materials. There are several ways a student may obtain an appointment with his/her counselor. Most students make their own appointment by signing up on the sign-up sheet outside the counselor's door. Sometimes parents, teachers or other staff members request that a counselor talk to a student. With the goal in mind that the staff is here to educate and meet the social and emotional needs of individual students, the staff will make every effort to allow students time to meet with their counselor or support staff during class time. With large blocks of time to work, it is the hope that students will be able to find time to meet with support staff without significantly impacting their academic progress. Conversely, the support staff hopes to be able to work more with teachers in the classroom to aid in the growth and development of all students.

Elmwood High School shall grant academic credit for successfully completed online, university, college extension, or correspondence courses as well as other correspondence courses approved by the Principal. Eligibility for such courses may be limited as follows.

- Courses are open to Juniors and Seniors only (unless given permission by the building principal)
- Students whose education in certain content areas has been so accelerated that a special course and/or courses are desirable but not available at Elmwood High School. Students who, because of scheduling difficulties or mid-term transfers into the District, lack a required course to graduate.
- Students successfully completing Illinois Central College dual credit classes can use these credits to meet the graduation requirements
- Students who need to make up a course that they previously failed. (currently accepting Illinois Virtual and American University Online classes)
- Students must assume the costs of such programs including tuition fees, transportation, and materials. Students who wish to receive college credit must assume any increased tuition and related costs.
- Appropriate credit shall be approved by the Elmwood High School Principal prior to the student's enrollment. Credit for extended programs shall be granted for courses from agencies approved by the Board.

## **Early Graduation**

Students desiring to graduate at the end of the first semester of their senior year must have a minimum of 23 academic credits at the conclusion of their junior year. Applications for early graduation may be obtained from the guidance office and must be submitted for final approval by May 1 of their junior year.

## **Incomplete Grades**

Incomplete grades recorded at the end of the term must be made up. It is the student's responsibility to make arrangements with the teacher to complete the work within the first week after the first semester has ended. If the work is not completed within the time limit, an F grade will be recorded. 2<sup>nd</sup> semester work must be complete by the end of the term. Exceptions will be made in cases of extenuating circumstances.

## **Physical Education Exemptions**

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

A student in grades 9-12 may submit a written request to the building principal requesting to be excused from physical education courses for the reasons stated below.

1. Enrollment in Reserve Officers' Training Corps (ROTC) program
2. Ongoing participation in an interscholastic or extracurricular athletic program
3. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 9th or 12th grade); or
4. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade).

## **Parent/Teacher Conferences**

Parents play a vital role in their children's education. They need to establish a home environment that allows for a time and place to study. They also need to monitor their student's progress and activities. To this end, parents and teachers are encouraged to contact each other concerning student progress. Parents are urged to contact the teachers, counselors or administration about any situation that concerns their students.

## **Repeating Classes**

Students may repeat a class that they passed or failed with the approval of the teacher and their counselor. Credit will not be given twice for the same course. The original letter grade will remain on the student transcript but the GPA points will be calculated using the GPA points of the new grade and that new letter grade will also be reflected on the student transcript. Students who fail a course under block scheduling must repeat that course as soon as space permits.

## **Schedule Changes Criteria**

Course selections for the upcoming school year should be carefully considered during time of registration. Students will register during April/May. Afterwards, class offerings and class sizes will be determined. Students will receive their tentative schedules in July. Final adjustment to student schedules may be done in August, if approved by their counselor. Schedule changes will be kept to an absolute minimum after registration is completed. Once the school year begins, schedule changes will be handled on an individual basis with parent and teacher approval. The basic criteria will be that students can move between two of the same classes as long as it is from a large class only during the first 5 student-attended school days of a term. Reasons for changes in courses must adhere to one of the following approved criteria:

- A change due to attendance or non-attendance in summer school
- A change due to an unresolved scheduling problem
- A change due to a failure of a class in the previous term
- A change due to health reasons
- A change due to faculty or counselor recommendation

## **Standardized Testing**

At various intervals in the educational career of the student, it is necessary for the school to administer standardized tests to evaluate student progress. The following standardized tests are administered to Elmwood Students:

1. 7<sup>th</sup> and 8<sup>th</sup> grade students participate in IAR testing. This test is required and was designed by the Illinois State Board of Education based on Common Core State Standards. These students also participate in MAPS testing which is a test to measure student improvement.
2. The SAT/PSAT tests will be taken by grades 9-11 and are a statewide assessment of student performance. These standards are an essential part of the school recognition process required by the State of Illinois.
3. PSAT Test: The PSAT is a voluntary test administered to sophomores and juniors in October. This assessment provides the student with an opportunity to become familiar with the SAT test.
4. ACT and SAT Tests: These tests are used by colleges and universities as one of the criteria for admittance. Both tests can be taken as often as a student desires (at his/her own cost). Students should plan to take these tests during the spring of their junior year or at the latest, the fall of their senior year. Registration materials, deadline dates and testing dates are available in the student services office.

### **Transfer of Credits**

Students who transfer from an accredited High School must submit their previous transcript for evaluation. Effort is made to align the student's previous coursework to our curriculum requirements. Based on the course levels we have designated for various courses; the administration will make course level determinations for inclusion on our transcripts. (See Course Description Book). Graduation requirements for transfer students coming to Elmwood from a traditional 7 or 8 period day school will follow the same phase-in plan created for our students in the block schedule. Unusual circumstances will be handled on an individual basis to ensure fairness to the transfer student.

### **Transcript Release Policy**

Students needing a copy of their transcripts must follow one of the following procedures:

1. Unofficial transcripts: Students must fill out a transcript request form and they may receive a copy of their transcript stamped "Unofficial." Unofficial transcripts do not contain a signature or seal and are for the personal use of the student. Unofficial transcripts will be released directly to the students and parents from the student services office. Unofficial transcripts cannot be used for college and scholarship applications. Please allow one week for processing requests.
2. Official transcripts: Official transcripts (with signature and seal) will not be released to students or parents. Students requiring an official transcript must fill out a transcript request form and turn it in to the student services office with a stamped envelope addressed to the organization or institution that needs this information (see below for college application procedure). The student services office will mail the transcript when complete. Students should allow one week for the student services office to process requests for transcripts.
3. College applications: Students who are applying to college should gather the following and turn it in to the guidance office at least one week prior to the application deadline for college: (a) the completed application; (b) a transcript request form; (c) a stamped envelope addressed to the college admissions office; (d) a check for any required application fee; and (e) any other required documentation.
4. Upon receipt of all of the above items, the counselor will complete the counselor portion of the application and/or any recommendation required and will mail the application to the college using the envelope provided by the student.

### **Valedictorian**

The school valedictorian will be taken directly from the class rank listings. This honor will be based on 8 semesters of high school work.

### **Weighted Grades**

Weighted grades are being used to compute grade point average. Although the actual grade earned will appear on report cards and transcripts, grade point average will be computed using a weighted credit. For example: a "B" normally has a value of 4 grade points. In a weighted class a "B" would have a value of 5 grade points. A student must earn a "C" or above in a weighted class to receive the weighted grade points. The following classes are currently weighted: trigonometry, pre-calculus, calculus, physics, advanced chemistry, Spanish 3 & 4, Enriched English III, Honors English IV, and AP U.S. History.

## STUDENT GOVERNMENT

### Student Council

The Student Council is the governing board of the student body. Members are elected in the spring of the year. The Student Council organizes various school events, plans homecoming activities, provides input to the administration concerning student interests and provides services to the Elmwood Community.

## STUDENT PUBLICATIONS

### Yearbook

The yearbook is entitled The Ulmus. Any student may participate as a member of the yearbook staff in writing, editing, layout or other areas of interest. It is suggested that interested students contact the yearbook advisor for additional information.

## NATIONAL HONOR SOCIETY

### Eligibility

Membership in the Elmwood Chapter of the National Honor Society is governed by the terms and conditions of the national constitution and the by-laws of the society. The criteria for membership shall be Scholarship, Leadership, Service and Character.

**Scholarship:** Any junior, after completing five semesters, or any senior, after completing seven semesters, who has a cumulative grade point average of 4.50 or higher, shall be eligible to petition for membership.

**Leadership and Service:** Evidence of leadership qualities and service both at school and in the community will be provided by the petitioning students. Leadership can be demonstrated in the classroom, at work, on the sports field, or in your church to name a few examples. Evidence of service can be demonstrated by providing a list of those volunteer activities in which the student has been actively involved with a supervisor verifying participation. Those students who do not provide satisfactory evidence of service will not be eligible for membership in the organization.

**Character:** Evidence of good character will be based upon a general faculty rating of those students who have already satisfied the criteria of scholarship and service.

### Admission

Eligible students must apply for admission as members in the Elmwood Chapter of the National Honor Society. Membership is not automatic. An application for membership will be given to those juniors and seniors who meet the initial scholarship requirement for eligibility. Membership applications and faculty ratings will be reviewed by the sponsors of the organization and presented to a faculty committee that will make the final decision concerning membership.

## Student Leadership

### Expectations:

A student serving in leadership role should represent Elmwood CUSD #322 and the community of Elmwood in a positive manner. Leadership, whether elected or appointed is a privilege and that role can be taken away. Leaders should be able to adapt to situations, have the ability to voice/listen to different opinions, be approachable, not be failing classes, or have disciplinary/behavior issues.

**Guidelines for Removal:** disciplinary action is on a case-by-case basis. The student in question will meet with the building principal to discuss the issue and steps being taken to fix it. If the problem persists, the student faces possible removal from a leadership position with that particular position being filled by another student. The appeals process is to plead the case to the student leadership team and administration. The building principal will have the final say in this process.

# ATTENDANCE

## Attendance Policies

Regular attendance in school is one of the major ingredients for academic success. Consistent attendance and punctuality are also characteristics that are valuable for success in future endeavors. Parents can assist us by encouraging their students to attend school regularly. According to section 26.2A of the Illinois School Code, the only legal reasons why a child may be absent from school are:

1. Illness
2. Funeral
3. Observance of a religious holiday
4. Family emergency
5. Circumstances which cause reasonable concern to the parent or guardian for the safety of health of the student
6. Other situations beyond the control of the student, as approved by the superintendent, principal or designee.
  - a. Example: pregnancy or health issue may require a 504 to work on remote learning, after school tutoring, and/or changes to make up work policies set by classroom teacher
  - b. Example: COVID + may require quarantine learning protocols set up by guidance counselor or administrator

**\*\*\*AFTER SEVEN ABSENCES, OR AFTER THREE CONSECUTIVE DAYS ABSENT, STUDENTS WILL NEED A DOCTOR'S NOTE OR THE ABSENCES WILL BE CONSIDERED UNEXCUSED.**

## Types of Absences

**Excused absences:** A child may be absent from school because of illness, observance of religious holiday, funeral, family emergency, situations beyond the control of the student or such other circumstances which cause reasonable concern to the parent for the safety or health of the student. Excused absences will be given for the absence with valid cause. This includes any absence due to "the mental or behavioral health of the student." Schools must excuse students for mental or behavioral health-related reasons for up to 5 days before a medical note is required.

Any student who has a medical or dental appointment will contact the attendance secretary prior to 7:55 a.m. The student will be signed out and given a pass to leave class at the designated time. Students are to be back to the attendance office verification from their doctors or dentist when they return to school following their appointment.

**Unexcused Absences:** Reasons for unexcused absences shall include truancy, failure to have proper verification to explain an absence and any unauthorized departure from the building. Parents and students should be aware that any absence from school other than those listed in the excused or pre-arranged absence category are not acceptable and regarded as unexcused. Examples are, but are not restricted to the following: car repairs, shopping, over-sleeping, haircut, getting a driver's license or phone messages saying that the student is "not in," "absent," or "not coming," etc. are not valid reasons for missing school.

## Consequences for Cumulative Unexcused Absences

### 1-2 Blocks:

- First unexcused absence: 1 detention
- Second unexcused absence: 1 Wednesday detention
- Third unexcused absence: 2 Wednesday detentions
- Fourth unexcused absence: In-School Suspension
- Fifth unexcused absence: Principal discretion

### More than 2 Blocks:

- First unexcused absence: 1 Wednesday detention
- Second unexcused absence: 2 Wednesday detentions
- Third unexcused absence: In-School Suspension
- Fourth unexcused absence: Multiple In-School Suspension
- Fifth unexcused absence: Principal discretion

## Truancy

A parent or guardian who knowingly and willfully permits a child to be truant may be convicted of a Class C misdemeanor, which carries a maximum penalty of thirty days in jail and/or a fine of up to \$1500.00

## **Homeless Child's Right to Education**

When a child loses permanent housing and becomes a homeless person as defined at law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

1. Continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
2. Enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

## **Pesticide Application Notice**

The district maintains a registry of parents/guardians of students who have registered to receive written or telephone notification prior to the application of pesticides to school grounds. To be added to the list, please contact: Junior High/High School office at: 742-2851

## **Mandated Reporters**

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services.

## **Accommodating Individuals with Disabilities**

Individuals with disabilities will be provided an opportunity to participate in all school sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school sponsored function, program, or meeting.

## **College/Career Days**

College/career days are made available to juniors and seniors for the purpose of visiting universities, technical schools, junior colleges, businesses, military, or other career-oriented institutions. The following stipulations will be made.

1. Two college/career days per year will be allowed for juniors and seniors.
2. All college/career days should be planned 10 days in advance with the school counselor.
3. College/career days must be taken by May 1<sup>st</sup>.
4. The student must show proof that arrangements have been made with parents and with the institution being visited.
5. The student must show evidence of the visit upon return.

## **Prearranged Absences**

Parents are discouraged from removing students from school for any reason; such absences may disrupt the continuity of a student's learning and create education problems. Unavoidable conflicts do occur. Such incidences are listed below:

1. Medical or dental appointments
2. Illness in the family (if not chronic or continuous)
3. Funeral
4. Business trip for or with parents
5. Family vacation
6. Appearance in court
7. College visitation

## **Excessive Absences**

When it is determined that a student has been excessively absent from school, and absences have not been a result of hospitalization, chronic medical condition or injury verified by a physician, an immediate conference with the principal and parent(s) or guardians shall be called.

## **Make-up Work Due to Absence & Grading Policy**

In the event of student absence, please follow these procedures:

1. Prior to 8:00 a.m. each day, notify the attendance office at 742-2851, of the student's absence. We urge all parents to call in before that time. If you are unable to call before 8:00 a.m., please call the high school as soon as possible
2. The parent or guardian is the only authorized person to inform the school of a student's absence.
3. If no call is received, the attendance secretary will attempt to contact a parent at home or work.
4. Students are responsible for contacting their teacher to obtain assignments they have missed and will pre-arranged absences, last minute appointments, and court appearances do not fall under the make-up work policy and receive one (1) day for each day of absence to make up work.
5. If the student forgets the note, he/she will be sent to the Jr./Sr. High School office by his/her teacher. An unexcused admit will be issued pending a parent note. The next day, he/she must bring the note to the attendance office. If it is acceptable, an excused admit will be issued. Unexcused absences will be disciplined according to the consequences for cumulative unexcused absence policy.
6. Students may not leave school without prior permission of school officials. A parent or guardian must call the attendance office (742-2851) in advance, requesting that a student leave school. A note from the parent before school starts in the morning is also acceptable.
7. Students with a medical diagnosis or pregnancy will work out a make up work policy timeline with help from the guidance counselor.

## **Late Work**

A student may turn in late homework with a maximum of a 50% deduction, if it is turned in at the beginning of the next class period. After that, the assignment may receive a grade of zero. The individual teacher may adjust the deduction to fewer points off, at their discretion.

## **Absent Policy**

Students shall be granted one (1) calendar day for each day of absence to make up work under a traditional schedule (i.e. A student who misses Tuesday would have to turn in missed assignments on Thursday.) Under the block schedule, students shall have one like letter day for each day absence to make up work (i.e. A student who misses and A-day on Wednesday shall not be required to turn in missed assignments on the next A-day, Friday. Rather, the student would be expected to turn in the assignment the following week on Tuesday (A-day).)

"Pre-assigned" projects, papers and work are due the day that the student returns to school, regular homework and daily work are not considered pre-assigned.

Papers turned in without a name on it can have a maximum of a 10% deducted.

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Students who are unexcused from school will not be allowed to make up missed work.

Oversleeping, family errands, baby-sitting, missing the bus, car trouble not validated by parents, etc., are not acceptable as excused reasons for being tardy.**

**The following is the procedure for tardies:**

## STUDENT DISCIPLINE

### Student behavior and discipline

Elmwood Jr./Sr. High School employs a variety of disciplinary measures to maintain a safe educational atmosphere. Students who display undesirable behavior are disciplined to help correct such behavior and to help them develop self-discipline. When a student is involved in a disciplinary action, the student will be afforded individual attention in a constructive manner. Discipline procedures will follow the due process of law, including providing for appeals to other school authorities. For additional support, parents are informed of disciplinary action to enable the home and the school to work together to correct such behavior. Students must understand that any staff member has the authority to correct misconduct at any time.

***Copies of all School District policies on student behavior are available online through the School District's website or in the school office.***

The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
  - "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.

### **When and Where Conduct Rules Apply**

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to:

2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;

### **Disciplinary Measures**

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), “look-alikes,” alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

### **Corporal Punishment**

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

## **Types of Disciplinary Action**

### **Denial of Privileges**

When considered necessary, students may be denied certain privileges for a period of time, including parking privileges. This could also include exclusion from a particular class or school activity as a participant or spectator.

1. Disciplinary removal from class: should a student's behavior result in removal from class, the student will be directed to report to the principal or counselor immediately. The principal or counselor will discuss the class removal with the student and the teacher to determine the appropriate penalty. The principal or counselor will also notify parents of the removal from class by mail.
2. Students who are instructed to leave class for disciplinary reasons must report to the office. Failure to do so will be regarded as gross insubordination and may result in suspension from school or other consequences.

### **After-School Detention**

Students who are assigned to after-school detention will report to a designated classroom by 3:15 p.m. and will be released no later than 3:45 p.m. Students are to be prepared to study or work on school-related assignments for the duration of the detention. The following procedures will govern the after-school detention program:

9. Students are to provide their own transportation home from after school detention.
10. Students who violate rules for detention will be required to serve another detention.
11. Restroom needs must be taken care of prior to reporting to after school detention.

**Wednesday Detention:** Wednesday detention is a disciplinary measure that may be used as an intermediate step between detention and suspension. They will be held on an as needed basis and are held from 2:20-3:45 p.m.

## **Detentions**

Detentions 1 – 3 = **1 hour after-school detention**

Detentions 4 – 6 = **2 hour after-school detention (Wednesday)**

Detentions 7 – 8 = **ISS (In School Suspension)**

Detentions 9 + = **Multiple ISS (In School Suspension)**

- **If** a student fails to serve a detention the detention will be doubled. If a student fails to show a second time, the student will be put in ISS until the parents come for a conference and make arrangements to serve the detentions.
- **After** 2 or more ISS parents must meet with the Principal to discuss modifications before the student is allowed to return to class.
- **Restitution:** When property damage or theft occurs, or in cases considered appropriate by the administration, restitution may be required. Restitution of damages or theft may also be accompanied by other disciplinary action and/or a police referral.
- **In-School and Out-of-School Suspension Procedures:** Before suspension, the administration shall provide the student due process with oral charges. If the student denies the charges, the student shall be given an explanation of evidence and the opportunity to present his or her version of the incident. Once this has occurred, the administrator may immediately suspend the student. Prior notice and opportunity to respond, as stated above, is not required and the student can be immediately suspended, when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the education process. In such cases, the necessary notice and opportunity to respond shall follow as soon as practicable.

Any suspension shall be reported immediately to the student's parent(s)/guardian(s). A written notice of the suspension shall contain a statement of the reason(s) for the suspension and a notice to the parent(s)/guardian(s) on their right to review the suspension. Also, a copy of the notice shall be given to the superintendent.

The student shall serve the suspension on the dates assigned; the suspension will not be postponed pending any appeal.

### **Absences Due to Suspension**

An out of school suspension constitutes a disciplinary action that may affect academic progress. Students will be allowed to make up assignments and tests that are due during the period of the suspension. It is the suspended student's responsibility to obtain the assignments. Students suspended out of school may not participate or be a spectator at any school-sponsored activity during the suspension period or upon returning per the discretion of the Principal. This includes home and away athletic events, performing arts events, social events, prom, homecoming, etc. A police referral will be made in those cases required by law or in cases deemed necessary by school officials.

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Students who are unexcused from school will be allowed to make up missed work.

### **Procedures for Appealing Suspensions**

If the student's parents or guardians do not believe suspension is warranted or that the student is innocent of the charges, they may request an informal hearing with the principal to appeal the suspension. At the request of the student's parents or guardians, a hearing will be conducted by the principal to review the suspension.

At the hearing, the student's parent(s)/guardian(s) may appear and discuss the suspension with the principal and may be represented by counsel. If the principal conducts the hearing, he/she shall issue a written report that makes a recommendation regarding the issue of guilt. The principal shall also hear evidence on whether suspension is appropriate in the event the student is guilty of the offense with which he or she was charged, and the principal's report shall make a recommendation regarding the appropriateness of suspension to the School Board. If the Board conducts the hearing, the Board shall decide the issue of guilt and hear evidence on whether suspension is appropriate. After a hearing before the principal and upon receipt of the principal's report, the Board may take such action as it finds appropriate.

### **Expulsion from School**

In some major disciplinary cases, or when other disciplinary actions have failed to correct undesirable behavior, the principal may recommend expulsion to the superintendent of schools. The principal will review this recommendation and make his/her own recommendation to the Board of Education. The Board of Education may expel a student for a definite period not to exceed two (2) school years.

### **Extracurricular Activities as They Relate to Discipline**

It is important to keep in mind that participation in activities and athletics is a privilege, not a right. The decision in cases of alleged misconduct will include both the regular school discipline and the extra-curricular discipline.

# **STUDENT AND SCHOOL RIGHTS**

## **Search and Seizure**

The board recognizes its responsibility to maintain order and security in the schools. Accordingly, school authorities are authorized to conduct searches of students and their personal effects, as well as the property of the District, in accordance with this policy. Any and all means may be utilized in assisting the school district in search and seizure procedures, if necessary, to include but not be limited to police agencies and police dogs.

## **School Property and Equipment as well as Personal Effects Left There by Students**

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

## **Students Searches**

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

## **Seizure of Property**

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

## **Questioning of Students Suspected of Committing Criminal Activity**

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

## **Use of Police and/or Police Dogs**

It is the responsibility of the school to deal with student disciplinary problems whenever possible according to the policies and procedures established by the district and the school. However, when violations of state laws or city ordinances occur, or when students or parents refuse to work within the established policies of the district and school, or when security of person or property appears to be in jeopardy, the school will not hesitate to call the police and begin prosecution proceedings. In addition, the use of police and/or police dogs to check lockers, cars in the parking lot, students' bags prior to going on a trip and/or other areas for drugs or other illegal substances may be used from time to time.

# EXPLANATION OF DISCIPLINARY VIOLATIONS

## Dress Code

All students shall dress in a manner that reflects self-respect and the fact that they are in an academic setting. The following guidelines have been established to help students accomplish this goal. Because the guidelines provide for a great freedom of choice, variation from the code will not be tolerated. A student's appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. The school does not prohibit hairstyles historically associated with race, ethnicity, or hair texture, including but not limited to, protective hairstyles such as braids, locks, and twists. Students who disrupt the educational process or compromise standards of health and safety must modify their appearance.

1. Clothing that advertises drugs, alcohol or tobacco, has suggestive or obscene materials written or displayed may not be worn. Vulgar, obscene or violent messages on clothing will be treated as vulgar/obscene language or expression.
2. PE clothing is only to be worn in PE class.
3. Outerwear: Sunglasses, hats and other headgear, is not to be worn in the building. Excessive beads, chains, drug, gang or cult related jewelry, etc., are not to be worn.
4. Students who have courses that require safety equipment or special dress codes must adhere to wearing the proper equipment and/or clothing.
5. Male and female students must wear clothing that completely covers the body from the shoulders to mid-thigh. The only exception is a sleeveless, tailored shirt or blouse.
6. Clothing made of spandex or similar material (hiking shorts) may not be worn unless other clothing is worn over it from shoulder to mid-thigh.
7. Blouses and shirts must not be unbuttoned in a revealing manner.
8. Short shorts are not to be worn. Clothing which has holes/slits in them that are in poor taste or are revealing are not allowed.
9. Pants must be worn at the waist.
10. Any equipment used to carry books (including backpacks and book bags) is not to be carried from class to class. Book bags and such should be stored in student lockers. Chromebook cases are permitted.
11. Other attire deemed inappropriate by the administration will be prohibited.

When a student is not properly dressed, the principal has the authority to request the student to change attire. The student may be sent to the principal's office and excluded from classes until arrangements for acceptable attire can be made. Repeated infractions will lead to disciplinary action ranging from parental notification to possible out of school suspension.

## False Emergency Alarm

The unauthorized pulling of a fire alarm, lockdown alarm, bomb threat or disaster alert will result in a minimum out of school suspension of five (5) days, and a maximum of ten (10) days, with a possible recommendation for expulsion and a referral for criminal prosecution. Restitution for any damages or charges incurred as a result of false emergency alarm may be required.

## Gambling

No form of gambling (cards, dice, quarters, etc.) is permitted in the building and school grounds or on school buses. Gambling will result in disciplinary action and may lead to suspension.

## Headgear and Backpacks

Headgear (baseball hats, stocking caps, hoods, bandanas) will be removed upon entering the building and be stored in the student's locker until leaving the building. Book bags and purses are to be used to carry materials to and from school. They are not to be carried from class to class during the regular school day unless permission is granted by the administration for special circumstances or it is noted in a student's Individualized Education Plan (IEP). Chromebook cases are acceptable.

## Insubordination

As a student of the Jr./Sr. high school, you have an absolute obligation and responsibility to follow verbal and written instructions from any faculty member and to identify yourself to any staff member in regards to all aspects of your behavior

and conduct at school and school activities. Willful and deliberate refusal to do so is insubordination and may result in a suspension not to exceed ten (10) school days and a possible expulsion recommendation.

## **Sexual Harassment Policy**

Elmwood Jr./Sr. High School believes that a school environment where sexual harassment is tolerated fosters disrespect, interferes with a student's opportunity to learn, and creates an intimidating, hostile learning environment. Accordingly, the school district shall not tolerate sexual harassment of students by other students, by employees of the school district or by other adults at the school district.

Sexual harassment as defined in the Illinois Human Rights Act means: "Any unwelcome sexual advances or requests for sexual favors or any conduct of a sexual nature when:

1. Submission to such a conduct is made either explicitly or implicitly a term or condition of an individual's employment.
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or
3. Such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment."

See the Grievance Procedure paragraphs on page 11-12 of this handbook should a student feel that he/she is being sexually harassed.

The sexual harassment of one student by another student or one student to a staff member shall be considered a violation of the student disciplinary policy Level III, "Gross Disrespect" and subject to the appropriate disciplinary actions as stated for this offense.

## **Unauthorized Organizations**

It is the school's responsibility to maintain a safe and disruption-free environment. The School Code of Illinois (IL Rev. Stat. Ch. 122, par. 31-1 through 31-4) provides that "any public school fraternity, sorority, or secret society is inimical to the public good." "Gangs," as defined in this policy, shall mean individuals who associate with each other primarily for criminal, disruptive and/or activities prohibited by law and/or by the school district's rules and regulations. Gangs, gang-related activities and secret societies are not acceptable in the school setting. The Board of Education is aware that their presence interferes materially and substantially with the education process and the requirement of appropriate discipline in the school. They also foster antisocial behaviors, attitudes and practices that may endanger the health, safety and welfare of our students. Therefore, students are prohibited from participating in any activity related to a gang, secret society, any public school fraternity or sorority, while attending school or school sponsored events.

### **Prohibited Activities Include, But Are Not Limited To, The Following:**

- Soliciting and/or recruiting others for membership
- Participating in and/or inciting physical violence
- Engaging in any physical or sexual behavior on school grounds/property or under the auspices of school events/personnel.
- Extorting or soliciting money and/or services, requesting any person to pay for protection, insurance or payment of dues
- Coercing, harassing and/or otherwise intimidating, threatening or causing harm to any person or living creature
- Wearing, possessing, using displaying in any manner, distributing or selling any clothing, jewelry, emblem, badge, symbol, sign or other item commonly associated with membership in or affiliation with a gang, secret society or any fraternity or sorority
- Using any communication, verbal or non-verbal (gestures, handshakes, etc.) suggesting or showing membership or affiliation with a gang, secret society or any fraternity or sorority
- Engaging in any activity or society including, but not limited to, distributing literature, drawing or displaying unauthorized symbols on any surface or teaching others to "represent" or act like a member of a gang, secret society or fraternity or sorority
- Any act or activity which violates any law or any policy of Elmwood Community Unit School District #322 when such act or activity is taken to further the interests of a gang, secret society, fraternity or sorority

Disciplinary action for any of the above activities or activities which promote membership in unauthorized organizations may include: Warning, parent conference, suspension from school for up to ten days, police referral, expulsion warning and/or expulsion proceedings in accordance with the Illinois School Code.

### **Use of Vapes, Tobacco and Tobacco Products**

Elmwood Jr./Sr. High School is a smoke free environment. No student is permitted to smoke, possess or use tobacco products on school grounds, on a school bus, or at a school sponsored event. No student is permitted to carry cigarettes, matches, lighters or other tobacco products to school including vapes, electronic cigarettes or E-cigarettes. The District has installed E-cigarette/Vape detection systems throughout campus. Students are also prohibited from damaging or interfering with vape detectors. Violation of these rules will result in immediate disciplinary action.

### **Use of Inhalants**

Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system.

### **Weapons**

A student, who uses, possesses controls or transfers a gun, firearm, weapon, or any object that can reasonably be considered a weapon, shall be expelled for at least one calendar year. The expulsion period may, however, be modified by the superintendent, and the superintendent's determination may be modified by the Board, on a case-by-case basis. In no case may the expulsion exceed 2 calendar years. A "weapon" means (1) possession, use, control or transfer of any gun, rifle, shotgun, a weapon as defined by Section 921 of Title 18, United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Act, or use of a weapon as defined in Section 24-1 of the Criminal Code, (2) any other object if used or attempted or intended to be used to cause bodily harm, including but not limited to knives, brass knuckles, Billy clubs, or (3) "look a likes" of any weapon as defined above. Such items as baseball bats, pipes, bottles, locks, sticks, pencils, and pens may be considered weapons if used or attempted to be used to cause bodily harm.

## **TRANSPORTATION**

### **School Bus Procedures**

Safety is the number one priority on our school buses. This means rules must be enforced and followed. All children riding our school buses will be expected to follow our rules and regulations, or they will have to find other means of transportation.

### **Rules and Regulations**

- Students are to be at the bus stop 5 minutes prior to their assigned pickup times to allow the bus to maintain its schedule.
- Students waiting for the bus should be off the road and out of danger of passing vehicles.
- If students must cross the road at a discharge point, each student should wait on the shoulder until the driver signals the students to cross.
- Students must wait until the bus comes to a complete stop and the door is open before attempting to board the bus.
- Students boarding the bus should do so in an orderly fashion, refraining from pushing and shoving.
- Students must remain in their seats while the bus is in motion.
- The bus must come to a complete stop before students leave their seats.
- Students should never change seats while the bus is in motion.
- Hands and heads must be kept inside the bus at all times, but out of the aisle.
- Each student should assist in keeping the bus clean and sanitary by not dropping paper, etc. on the floor.
- Students are to refrain from loud talking and laughing or unnecessary confusion that may divert the driver's attention from the road.
- Books, band instruments, and all other objects must be kept out of the aisles.
- Students should never throw any articles (papers, books, clothing etc.) either while on the bus or out of the bus.
- All talking, etc. must stop when a bus approaches and crosses a railroad crossing.
- Students are to obey the drivers' requests promptly.
- Drivers will not stop at places other than the student's regular drop point.
- Each student is to ride his/her assigned bus and may not ride a different bus to a different destination.

**The privilege of riding the bus is dependent upon good behavior and observance of the rules and regulations.** The purpose of these rules is to provide a safe and enjoyable bus ride for all. Bus drivers are required to report any student who violates these rules and regulations to the principal. Bus misconduct notices indicating either "warning" or "suspension from the bus" are issued to students by a designated building administrator. Students who are suspended from riding the bus must be present in school on the suspension days. Students are issued a warning notice for the first incident of misbehavior on a school bus unless the misbehavior carries with it an automatic suspension. A student who receives a second misconduct notice will be suspended from riding all Elmwood buses for a minimum of 2 days until otherwise indicated. A third misconduct notice will result in a bus suspension for a minimum of days, unless otherwise indicated. A fourth misconduct issued during the same school year, or any notice issued for a single act of gross disobedience or misconduct may mean suspension of a student's bus riding privileges for the remainder of the school year at the discretion of the superintendent.
